

FIG. 1

[illegible]

A schematic diagram of a rectangular block 100. The block is divided into three horizontal layers: 120 (top), 110 (middle), and 134 (bottom). A semi-circular protrusion 130 is located on the bottom edge of the block. The height of the protrusion is labeled 'H' and its width is labeled 'W'. A small feature 132 is shown on the bottom right corner of the block.
